

Soul Mates,  
Soul Twins,  
and Karmic  
Connections

Sun, Ascendant,  
Moon and Saturn

---

Our first lesson is to study the nature and combination of Sun, Ascendant, Moon and Saturn in our personal charts and how that effects the 'karma we have chosen to deal with.'

---

The questions will be specific to each of you, related to how these above combinations fit. You will have to make your questions specific to what you 'need to understand about your particular chart.'

---

You all have a template of the Karmic significance and can study the template alongside. Please use your Tarot cards to verify the answers to your questions.

My question to MM based on the Sun, Ascendant, Moon and Saturn connection would be:

How did you learn to nurture yourself in this lifetime to resolve your Karma with the feminine as learned in early childhood and from Saturn in your house of home and family?

How would you do this if you had this life to live over with the same placements?

<b>SUCCEDENT</b> <b>(2, 5, 8, 11)</b>	individual desires and the areas we want to control (shows outcome of whatever was started in angular) <b>SECURITY/PRODUCTIVITY</b>	<b>SECURITY/PRODUCTIVITY</b> (strength as if it were in the sign of its detriment) They sync with the fixed sign quality of rooting in, to be able to fully materialize, prosper, bring to completion
<b>CADENT</b> <b>(3, 6, 9, 12)</b>	where there is input, exchange, and distribution of thoughts and observations (how you maintain what was started in angular)	<b>LEARNING/COMMUNICATION</b> These Houses are in flux, the planets are here the weakest (like a sign in its fall)
